PREFACE

It is a real matter of pleasure to present this book of "Mathematical Sciences" for CSIR-UGC/JRF/NET/SLET. Book is being designed in keeping view of question for Part B and Part C of syllabus prescribed by CSIR-UGC, New Delhi. It deals with almost all the Chapters/Topics given in the Syllabus. Important formulae are given appropriately in tables and charts.

Lucid and demonstrative style with elaborative examples and Model Test Papers will definitely help the P. G. Students of Mathematics in India to crack the nut of CSIR-UGC.

Author is thankful to his colleagues specially Prof. Namarata, Prof. Harpreet, Prof. Nishu, Prof. Bindu, Prof. Bharat, Prof. Rashi, Prof. Narinder and Prof. Saminder for their timely help. Author is, above all, thankful to his family (Specially Prof. R.S. Mahajan) for supporting him in all situations.

The author also acknowledges with indebtedness to the Publishers untiring efforts, excellent co-operation and by whose interest of this text could be brought out in a classical format.
